CAREER OBJECTIVE

BSc IT final-year student specializing in data analytics and business intelligence. Skilled in SQL, Python, Power BI, and Excel — with a strong focus on turning data into meaningful insights. Passionate about learning fast and delivering impact, I'm seeking internship opportunities where I can contribute to data-driven projects and grow as an analyst.

EDUCATION

BSc Information Technology (BSc IT) | Laxmichand Golwala College, Mumbai 2023 – 2026
Final Year Student

TECHNICAL SKILLS

Analytics & BI Tools: Microsoft Excel, Power BI, SQL, Tableau

Programming: Python, MySQL

Concepts: Data Analysis, Data Cleaning, Data Visualization, Dashboard Design, Database Management

Other: Git & GitHub

PROJECTS

SkillBridge – Educational Platform | Full-Stack Developer (Data & Backend Focus) 2025 – 2026

PHP, MySQL, SQL, HTML5, CSS3, JavaScript

- Designed and managed a relational MySQL database with 5+ tables, supporting efficient data retrieval for bookings, reviews, and sessions.
- Wrote optimized SQL queries for KPI reporting on booking trends, user activity, and appointment history — reducing manual data lookup time significantly.
- Built an Admin Dashboard providing real-time insights on platform usage, new registrations, and session statistics — enabling data-driven decisions for platform management.
- Implemented a Review & Rating System generating structured feedback data across 3 rating parameters to evaluate and rank teacher performance.

CERTIFICATIONS

Data Analytics Job Simulation – Deloitte (via Forage) April 2026

Completed practical tasks in Data Analysis in a simulated professional environment.

Technology Job Simulation – Deloitte (via Forage) April 2026

Completed practical tasks in Coding and Development in a simulated professional environment.

Data Analyst Certification – OneRoadmap April 2026

AI Fluency: Framework & Foundations – Anthropic April 2026

STRENGTHS

SQL Joins & Querying | Data Cleaning using Python & Excel | Detail-oriented | Self-motivated learner
